

**UNITED STATES DISTRICT COURT**  
**DISTRICT OF NEVADA**

CHRISSEY ISRAEL MAZZEO,

Plaintiff,

vs.

JAMES ARTHUR GIBBONS, *et al.*,

Defendants.

Case No. 2:08-cv-01387-RLH-PAL

**ORDER**

In a prior order (Dkt. #237) entered July 27, 2010, the court directed the Clark County District Attorney's Office to submit a copy of its file in State v. Griffith to the court for in-camera review along with the privileged document log it produced in this case. The court has now reviewed the in-camera submission. Having reviewed the file in its entirety the court and sustains the District Attorney's Office's assertion of privilege for those documents withheld from production with the exception of the following documents which are ordered produced:

- **CCDA-4 0061.** The District Attorney's Office withheld this document on the basis of attorney-client work product and the self critical analysis privilege. The document consists of a subpoena status report documenting communication between members of the District Attorney's Office and the Plaintiff. The document related what Plaintiff reported to a member of the District Attorney's Office concerning a scheduled court appearance in State v Griffin in which she is listed as the victim. As the Plaintiff is the party requesting these materials and the document records her statement to the CCDA, the court finds the District Attorney's Office has not met its burden of establishing the document is subject to an applicable privilege.
